

January 12, 2021

Dear Family Members, Loved Ones, and Team Members,

This letter is to inform you that, today, Bellaire at Stone Port completed this week's antigen testing for Team Members and for our Assisted Living residents, excluding Memory Care. I'm excited to report there are no new positive COVID-19 cases this week and currently we have no active cases in our community!

Because of the current number of positive cases in the Harrisonburg area, the Virginia Department of Health (VDH) is recommending testing all Assisted Living and Memory Care residents and Team Members every 3-7 days until further notice. The next round of testing is scheduled for Monday, January 18 and Tuesday, January 19.

I plan to send a letter tomorrow to keep you informed of our next steps now that we have no current positive cases in our community.

More to come. Thank you for your continued patience and support.

With regards,

Cristen Hackenbracht
Executive Director
