

January 26, 2022

Dear Residents, Families and Team Members of Bellaire at Stone Port,

This letter is to inform our families, residents, and team members that we have an additional COVID positive resident in our memory care neighborhood and have confirmed 2 positive residents in our Assisted Living Community. The community will continue to quarantine as recommended by the Virginia Department of health.

We have reported these cases to the Department of Social Services and to the Virginia Department of Health. The Virginia Department of Health has recommended that we continue to monitor all residents for signs or symptoms daily and test any resident that develops symptoms. We will continue with testing all negative Memory Care residents tomorrow, 1/27 and all Assisted Living residents Friday, 1/28.

We will continue to restrict visitation and will not resume communal dining or group activities at this time. Residents are encouraged to remain in their apartments and continue wearing masks if they must leave their apartments. Our residents should alert any team members if they begin to develop any symptoms. Thank you for your patience and understanding. We will continue to communicate any updates or changes to each of our residents, their families and team members.

Sincerely,

Jessica Gale, LNHA
Executive Director, Bellaire at Stone Port
