

January 27, 2022

Dear Residents, Families and Team Members of Bellaire at Stone Port,
This COVID update letter is to inform our families, residents, and team members that following our second round of testing in our Memory Care Community we have confirmed an additional 7 COVID positive Memory Care residents, 1 positive team member, and 2 additional Assisted Living residents. All family members or responsible party of our COVID positive residents have been notified of their positive test results. The community and team member will continue to quarantine as recommended by the Virginia Department of health.

All cases have been reported to the Virginia Department of Health and Department of Social Services. We are continuing to follow all guidance given by the Virginia Department of Health to limit any further exposure.

We have not made any changes to our restrictions on visitation or activities at this time. Residents are encouraged to continue wearing masks and are asked to stay in their apartments unless necessary. Our residents should alert any team members immediately if they begin to develop any symptoms. Thank you for your patience and understanding. We will continue to communicate any updates or changes to each of our residents, their families and team members.

Sincerely,

Jessica Gale, LNHA
Executive Director, Bellaire at Stone Port
