

January 5, 2022

Dear Residents, Families and Team Members of Bellaire at Stone Port,

This letter is to inform our families, residents, and team members that we have been notified of an additional COVID positive team member. The team member has not been in the community since 12/30 and will continue to quarantine as recommended by the Virginia Department of health.

We have reported this case to the Department of Social Services and to the Virginia Department of Health. The Virginia Department of Health has recommended that we continue to monitor all residents for signs or symptoms daily and test any resident that develops symptoms.

We currently have not made any changes to our visitation or activities at this time. Residents are encouraged to continue wearing masks when outside of their apartments and alert any team members if they begin to develop any symptoms. Thank you for your patience and understanding. We will continue to communicate any updates or changes to each of our residents, their families and team members.

I will continue to update everyone if anything changes per the Department of Health's guidance. Please reach out to me with any questions or concerns.

Sincerely,

Jessica Gale, LNHA
Executive Director, Bellaire at Stone Port
