

February 4, 2022

Dear Residents, Families and Team Members of Bellaire at Stone Port,

This letter is to inform our families, residents, and team members that following our round of testing in Assisted Living we have confirmed an additional COVID positive resident. The resident and their responsible party have been notified of the positive result. The resident will also continue to quarantine as recommended by the Virginia Department of health.

We have reported this case to the Department of Social Services and to the Virginia Department of Health. The Virginia Department of Health has recommended that we continue to test weekly until we can result in 2 weeks with no new positive cases.

We currently have not made any changes to our visitation or activities at this time. Residents are encouraged to remain in their apartments until the quarantine is lifted and continue wearing masks when outside of their apartments. Residents should alert any team members if they begin to develop any symptoms. Thank you for your patience and understanding. We will continue to communicate any updates or changes to each of our residents, their families and team members.

Sincerely,

Jessica Gale, LNHA  
Executive Director, Bellaire at Stone Port
