

August 8, 2022

Dear Residents, Families and Team Members of Bellaire at Stone Port,

This letter is to inform our families, residents, and team members that we have confirmed 2 positive Residents in the community. We have conducted a full round of testing on our Assisted Living community and concluded with no additional positives. We will hold another round of testing on Friday 8/12/22.

We have reported these cases to the Department of Social Services and to the Virginia Department of Health. The Virginia Department of Health has recommended that we continue to monitor all residents for signs or symptoms daily and test any resident that develops symptoms.

We currently have not made any changes to our visitation, dining, or activities at this time. Residents are encouraged to continue wearing masks when outside of their apartments. Residents should alert any team members if they begin to develop any symptoms. Visitors and Team Members are reminded that masks are still a requirement while inside the community.

Thank you for your patience and understanding. We will continue to communicate any updates or changes to each of our residents, their families and team members.

Sincerely,

Jessica Gale, LNHA  
Executive Director, Bellaire at Stone Port
