

August 29, 2022

Dear Residents, Families and Team Members of Bellaire at Stone Port,

This letter is to inform our families, Residents, and team members that we have confirmed 5 additional Residents and 6 additional team members over the weekend, bringing our positive cases to 7 total Residents and 16 total associates since 8/21/22. All Residents will isolate in their apartments for 10 days following the positive test result, and all associates continue to isolate at home as recommended by the Virginia Health Department. All families of those testing positive have been notified.

We have reported all cases to the Department of Social Services and to the Virginia Department of Health. The Virginia Department of Health has recommended that we continue to monitor all residents for signs or symptoms daily and continue community wide testing every 3 days. Our next full round of testing will be completed 8/31/22.

We have not made any changes to our visitation at this time, but we encourage our visitors to understand the risks associated with visiting the community during an active outbreak. Activities will be limited to only those that can practice social distancing and mask wearing by all participants. Residents are encouraged to continue wearing masks when outside of their apartments and to alert any team members if you begin to feel ill. Thank you for your patience and understanding. We will continue to communicate any updates or changes to each of our residents, their families and team members.

Please reach out to me with any questions or concerns.

Sincerely,

Jessica Gale, LNHA
Executive Director, Bellaire at Stone Port
